GEMINI XL

Our most compact cabinet, but able to house almost all of the largest of sewing machines

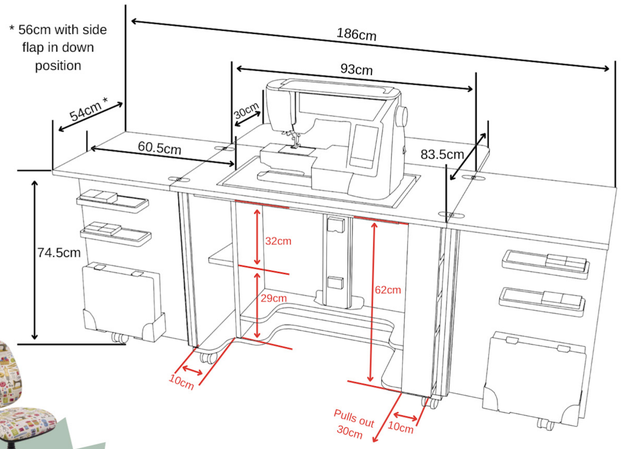
The Gemini XL is the big sister to the Gemini. In addition to all the benefits of its little sister it has the Maxi opening (size 1942) and a super handy space-saving, pullout rack system. This unique new addition gives a surprising amount of extra storage potential.

Like the Gemini, the Gemini XL features a central sitting position, which allows freedom to access every part of the cabinet from your chair. This sitting position, and the extra depth, gives spacious legroom whilst using even the largest of sewing machines.

Fitted with our 3-step, push down/release Air-Lift mechanism.

Fitted with our Maxi opening (size 1942), which makes this our smallest unit capable of housing virtually all of the largest sewing machines. Old and new!

One inset, cut for your machine, is included with this model



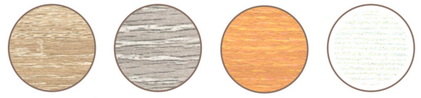
Fully Closed
W 93cm (36 ½")
D 55.5cm (22" - Including drop leaf flap down)
H 76cm (30")

Delivered fully assembled

Need a chair? See pg.38-39 for more information

As it's fitted with our 1942 opening, this unit is able to hold the larger, longer armed sewing machines such as the Pfaff Icon, Bernina 700/800 series, Janome Horizon range amongst others. See page 42 for more information on our insets and inserts.

Available in:



Weathered Oak | American Grey Oak | Beech | White

For more delivery info please see pg.43 for details.
