

# STAR 240E

## QUALITY FEATURES

### ONE-STEP BOBBIN REPLACEMENT FEATURES QUICK-SET TOP BOBBIN

The easy-to-view window tells you at a glance when more thread is needed in your bobbin. Simply drop in a full bobbin and the Quickset feature has you ready to sew immediately.

### F.A.S.T. BOBBIN WINDING SYSTEM

Brother's use of the latest technology has made their sewing machines even easier to use. To wind the bobbin, just wind the thread around the bobbin a few times, pass it through the slit in the bobbin winder seat and press the START/STOP button. No need to cut off the excess thread or stop the sewing machine when the bobbin is full.

## START/STOPBUTTON

The gentle sewing start lets you use the machine with confidence with or without the electronic foot control.

## EASY-TO-USE SPEED ADJUSTMENT

The speed adjustment lever lets you smoothly adjust the operation speed from low speed and high speed. Enjoy the freedom of being able to adjust the sewing speed while you sew!

## F.A.S.T. NEEDLE-THREADING SYSTEM

Fast and simple threading says it all! Saves time and your eyesight, by automatically feeding the thread through the needle's eye.

## STITCH LENGTH / WIDTH ADJUSTMENT

Adjustments for stitch length; stitch width and variable needle position make sewing fine details fast and easy. Quilters will love the variable needle position for adjusting the seam allowance.

## 1-STEP AUTOMATIC BUTTONHOLER

1-Step "Auto-size" buttonholer creates a perfectly uniform buttonhole every time. Simply dial the stitch and follow the directions to sew all four sides of the buttonhole without moving a lever. Includes stitch balance control for making both sides of the buttonhole uniform.

## DROP FEED

Drop feed lever for easy lowering of the feed dogs for free motion or free hand sewing used in quilting, embroidery and monogramming.

## FREE ARM AVAILABILITY LETS YOU SEW ANYTHING

The machine can be turned into a free arm merely by removing the extension table. For sewing round and cylindrical items such as bags and sleeves and for at tacking pockets, this feature is extremely convenient.

## ACCESSORY STORAGE

Sewing accessories are conveniently stored inside the extension table.

## HARD CASE

Improved hard side carry case makes this machine very portable and acts as an attractive dust cover when the machine is not in use.

## TWIN NEEDLE FUNCTION

Your machine is designed for twin needle sewing, which allows you to sew with two top threads. You can use the same colour or two different colours of thread for making decorative stitches.
